

Emergency and Evacuation Policy

POLICY STATEMENT:

Under the *Education and Care Services National Regulations*, an approved provider must ensure that policies and procedures are in place for emergency and evacuation and take reasonable steps to ensure policies and procedures are followed. (ACECQA, 2021).

Emergency and evacuation situations may arise for a variety of reasons, often suddenly and unexpectedly. It is vital that if an emergency situation arises, staff are confident to manage the situation effectively and efficiently, maintaining the safety and wellbeing of children, families and visitors.

Ensuring that educators and children know what to do in an emergency situation requires vigilant planning and practice. Regularly practicing the drills for emergency situations also provides an opportunity to help support and build on children's coping mechanisms and resilience.

IMPLEMENTATION

We define an emergency as an unplanned, sudden or unexpected event or situation that requires immediate action to prevent harm, injury, or illness to persons, or damage to the service's premises. Emergency situations may pose a risk to an individual's health and safety. It is important that services identify potential emergencies that may be specific to their location and environment. Severe heat or heatwaves, also pose an immediate risk to young children and require risk mitigation strategies to be implemented. [See: *Sun Safety Policy*].

An emergency is any event, situation or event where there is an imminent or severe risk to the health, safety or wellbeing of children at the service. Circumstances under which an emergency evacuation will occur may include:

- Fire within the building or playground
- Fire in the surrounding area where the service may be in danger
- Flood
- Cyclone, severe storm or dust storm or other natural weather event
- dangerous animal, insect or reptile
- Terrorist threat
- Other circumstances may include:
 - gas explosion, traffic accident, or any event which could render the building unsafe (eg: earthquake).

The approved provider, in conjunction with educators of the service, will conduct a comprehensive risk assessment in order to identify any risk/s or hazards associated with potential emergencies that may affect the safe evacuation of children from the service.

The risk assessment will be reviewed at least annually or after being aware of an incident or circumstance that may affect the safe evacuation of children.

Coowarra Out Of School Hours Care Service Inc

All risk assessments will be regularly assessed and evaluated as to facilitate continuous improvement in our service. If a risk concerning the safe evacuation of a child is identified during the risk assessment, the approved provider must update the *Emergency and Evacuation Policy* and procedure as soon as possible. The risk assessment is to be stored safely and securely and kept for a period of 3 years.

THE AUSTRALIAN WARNING SYSTEM (AWS)

The Australian Warning System (AWS) is a nationally consistent, three-tiered approach designed to make warnings clearer and lead people to take action during emergencies like bushfire, flood, storm, extreme heat and severe weather. The warning system comprises of levels, action statements, hazard icons, colours and shapes. <https://www.ses.nsw.gov.au/about-us/our-warnings/>

The three warning levels are:

Advice (Yellow): An incident has started. There is no immediate danger. Stay up to date in case the situation changes. Monitor conditions.

Watch and Act (Orange): There is a heightened level of threat. Conditions are changing and you need to start taking action now. Prepare to leave/evacuate. Do not enter flood water.

Emergency Warning (Red): An Emergency Warning is the highest level of warning. You need to take action immediately. Leave/evacuate (immediately by am/pm/hazard timing).

When there is an Emergency Warning, educators need to prepare for possible emergency evacuation and implement the procedures effectively to ensure the safety of all children, staff, families and visitors in the service.

THE APPROVED PROVIDER/ NOMINATED SUPERVISOR/ MANAGEMENT AND EDUCATORS WILL ENSURE:

- obligations under the *Education and Care National Law and Regulations* are met
- emergency and evacuation policies and procedures are available for inspection at the service's premises at all times
- the approved provider will conduct an annual risk assessment to identify potential emergencies that are relevant to the service
- the approved provider will review the risk assessment after becoming aware of any circumstance that may affect the safe evacuation of children from the service
- relevant stakeholders/authorities are consulted for advice and guidance to improve risk mitigation strategies as part of our emergency and evacuation plan (School Principal, police, fire, parents/families)
- an Emergency Management Plan (EMP) is developed and updated
- the [Bureau of Meteorology \(BOM\)](#) will be checked regularly to monitor emergency situations and warnings relevant to our Service location
- emergency evacuation plans are displayed in prominent positions near each exit at the service premises including both the indoor and outdoor learning areas

Coowarra Out Of School Hours Care Service Inc

- the emergency and evacuation procedures include instructions for what must be done in the event of an emergency
- the plan includes a floor plan for ease of reference with clearly defined assembly points and clearly marked exit routes from all locations
- all exits have exit signs clearly visible
- there are no obstructions in hallways, stairways or emergency exits
- all educators, including casual/relief educators and staff members, are familiar with our *Emergency and Evacuation Policy*, procedures and regulatory requirements
- new staff, volunteers and students are provided with information and training about our *Emergency and Evacuation Policy* and procedures during induction
- all staff are aware of their roles and responsibilities in event of an emergency situation
- emergency evacuation rehearsals (drills) will be practiced every three months by the responsible person, all staff members, volunteers, and children present on the day
- National Regulations state that evacuation rehearsals are to be practiced every 3 months.
- spontaneous rehearsals also take place during the year to assist in refining risk management procedures and evacuation procedures
- each time a planned or spontaneous emergency evacuation drill is performed it is to be timed and documented in the *Emergency Evacuation Rehearsal record*
- in the event of limited educators (e.g., early morning or late afternoon), staff members are to work together to perform the duties as per the evacuation plan (the roster must include a responsible person being on the premises at all times to take responsibility and delegate duties). This scenario will be discussed and documented in the Service's Staff Meeting Minutes (WHS).
- regular communication with families includes information about emergency and evacuation procedures
- at least one staff member or one nominated supervisor who holds current ACEQCA approved first aid qualifications, approved anaphylaxis management and emergency asthma management training is in attendance at all times

- ensure the attendance record for their child is completed each day
- ensure they are aware of the service's *Emergency and Evacuation Policy* and procedures
- follow the directions of the approved provider/Chief Warden in the event of an emergency or evacuation

CLOSURE OF THE SERVICE

There may be times where the normal operation of the OSHC Service is disrupted, and the Service is required to close temporarily during a planned or unplanned emergency occurrence. Situations that affect the normal operation include a local emergency which poses a risk to the health and safety of children attending the service, or where the service is inaccessible or is unsafe for children or staff or the emergency services/authority have directed the service to close.

Situation where the service may consider closure include:

- A period of local emergency, or emergency event
- Flooding
- Health emergency (i.e., pandemic)
- Bushfire
- Cyclone
- Unexpected absence of staff where ratios are unable to be met
- Severe outbreak of illness or disease
- Lack of access to operating phone/communication means
- Damage or vandalism to the service
- Chemical hazard
- Earthquake
- The approved provider or nominated supervisor will consult with emergency services/ local authorities regarding the closure of the service
- Our service will ensure families are informed of emergency closures as soon as practicable to ensure immediate collection of children
- In the event of a planned closure, management will advise families as reasonably practicable through SMS/social media/phone calls/email to provide details of the planned closure including the period of closure
- Our service will notify the regulatory authority of the service closure within 24 hours of an incident
- Our OSHC Service will notify the Department of Education through the Provider Entry Point (PEP) or our third-party software of the Service closure within 24 hours.

DEALING WITH TRAUMA

Emergencies and natural disasters are extremely stressful, and it is normal for children and adults to feel overwhelmed and distressed. People cope with trauma in many different ways. Children look to adults for reassurance, care and opportunities to share their feelings. It is important for educators to understand the impact of disasters and seek help when needed.

Coowarra Out Of School Hours Care Service Inc

The approved provider/nominated supervisor will support educators to provide information to parents and families following any emergency or natural disaster including:

- will the service be open in the days and weeks ahead?
- how to find alternative care and education
- how to contact services for support with dealing with trauma
